Guys & Gals, It looks like Presonus has gotten into the DAW game Big time..

<http://www.presonus.com/products/SoftwareDetail.aspx?SoftwareId=11>

It seems that two of Steinberg's top coders worked on the project and from what I've told, they have implemented things that they wanted Cubase and Nuendo to have. Priced at \$499.00 it looks to be a serious contender.
