I really enjoyed AES, but even moreso enjoyed the "Paris NG" dinner. Meeting Chris Ludwig and Paul, as well as the rest of the guys was great.

Chris built my very first Paris rig some six years ago and we have stayed in contact, but never met. Putting the face with the voice was quite cool.

I see Gene from time to time, but not nearly as often as I prefer as he is always a good hang, as well as a plethora of music knowledge (both artistically and technically).

The most interesting part of the table-talk, was the question "Who actually uses Paris on a daily basis?" Before I could raise my hand, Gene was looking

using it, not to mention the fact that it in no way hinders the artistic process!

Looking forward to doing it again someday!

Damn, wish we could have been there! That is the second one we missed!  
That friday though, I was putting the finishing touches on my next CD, that  
has taken my too, too long to get done.

My friend, Michael Gregory came down from Mass.to work with me on the last  
piece. That should be done in a week or so, then I have to contact Sakis

about the mastering. I'm actually "finally" going to get this done! It is embarrassing how long I take to do things some time!

Maybe next time we can make it.

Starting from Tyrone, on the far left, and moving clockwise around the table:

Tyrone, Kerry Haps, Brian Porick, Chris Ludwig, Ron Baylin, Me, and Gene Lennon.

Note, Kerry and Brian come from Wheaton College. Ron is the guitar player in my band and, while not a Paris user, is an admirer, after hearing some of the mixes I did of our work and watching me track and edit. Not that I am that good - he's just easy to impress!

Noticibly out of the shot was one big, crunchy cockroach.

So, now we have had Italian, seafood, and Spanish. What are we up for in 2009? See you then!

By the time we took the photo, the paella was consumed. And it was delicious. Of course, the waiter looked at me strangely when I ordered the paella with "extra DJ" in it!
