Did you remember to include you EDS serial number and 3.0 key numbers? They won't respond without both of those pieces of information.

I gotta say that at this point... 6 years later, or whatever, this seems silly.

Thanks!  
This is a transfer from another owner and not related to my EDS card.  
It just a softwaretransfer.

OK I will try that...  
I have to open the computer...

Why don't ID give the info.  
It should be so easy  
Are they arrogant....?
