-A father walks into a bookstore with his young son. The boy is holding a quarter. Suddenly, the boy starts choking, going blue in the face. The father realizes the boy has swallowed the quarter and starts panicking, shouting for help.

A well dressed, attractive and serious looking woman, in a blue business suit is sitting at a coffee bar reading a newspaper and sipping a cup of coffee. At the sound of the commotion, she looks up, puts her coffee cup down, neatly folds the newspaper and places it on the counter, gets up from her seat and makes her way, unhurried, across the book store. Reaching the boy, the woman carefully drops his pants; takes hold of the boy's testicles and starts to squeeze and twist, gently at first and then ever so firmly.

After a few seconds the boy convulses violently and coughs up the quarter, which the woman deftly catches in her free hand.

Releasing the boy's testicles, the woman hands the coin to the father and walks back to her seat in the coffee bar without saying a word.

As soon as he is sure that his son has suffered no ill effects, the father rushes over to the woman and starts thanking her saying, "I've never seen anybody do anything like that before, it was fantastic. Are you a doctor?"

"No," the woman replied. "Divorce attorney".

Why the shark didn't attack the lawyer????.....professional courtesy.

So you're trapped in a room with a pissed off cobra, a hungry grizzly bear and a lawyer. You have a gun with two bullets. What do you do?.....shoot the lawer.....twice.

I heard that one before but with different people and scenario. The musician version goes like this: You're stuck in a darkened cell with Hitler, Kenny G, Saddam. You've got a gun and two bullets. Who do you shoot?

Kenny G...

twice...

just to make sure.
