Hi.

I need some Paris stuff, to expand my old black bundle 2 system(eds, 442, c16), so I can record at once at least 12 channel's of my band's rehearsals.

For that I'll need Mec(black possibly) with 8 in modul,

or 2.option, for 16 channels recording - Mec, 8 in modul, eds1000 card, and c16.

Currently I'm using Cubase 4 on my laptop, with some tc electronics

and jumhub interface for that purpose, but I miss my old Paris habits - clear approach, ease of use and great sound!

So, I'll appreciate all fair deals from you,thx.

I live in Zagreb, Croatia, Europe, and I can pay you via Pay pall account, or else.

Contact me on PM, or mail buc@groove.hr

Hi,

I have a TON of PARIS hardware available.

Please let me know if you are still in need of equipment.

Thanks!

Mark
